Subject: Changes to formal amendment submission

Dear Mayor Hernandez,

The New Mexico Department of Transportation would like to request a correction for the Mesilla Valley Metropolitan Organization's amendment for two of our projects, LC00580 and MV00020. During the call for projects from the MPO, a request to adjust the project title, description and limits for LC00580 and a request for a new project, MV00020, were requested. Both projects were presented to the Bicycle & Pedestrian Facilities Advisory Committee and the Technical Advisory Committee. After the Technical Advisory Committee meeting, it was brought to our attention that by creating MV00020, we have two projects in the same location on Interstate-10.

To correct this administrative error, we are requesting that the deletion of LC00580 from the Transportation Improvement Program and the limits on MV00020 be adjusted to 126.7-135 be considered during the Governing Board Meeting on November 18th, 2026.

Subject: FW: MVMPO Amendment Correction

Good Morning Mayor,

I am writing to request permission to bypass the MPO committee process.

Please see the attached letter.

We had an administrative issue with two projects, LC00580 and MV00020. Both projects are for the same location.

NMDOT would like to delete LC00580 to eliminate the duplication.

Since this was not done until after the ATAC and TAC had reviewed the current slate of TIP amendments, we need permission from you to move forward with this deletion this cycle.

Please let me know if you concur.

There is some urgency with this as we need to get the Governing Board packet out today.

Thank you.
